## Full Service Stand Version COMFORT

Der Mietpreis des Full-Service Standes Version Comfort beinhaltet folgende Ausstattung:

- Standfläche (Reihenstand oder Eckstand)
- Anmeldegebühr
- AUMA-Beitrag
- Mediengrundeintrag
- Stromanschluss (3 kW)
- Tägliche Standreinigung
- 1 Set Abfallbeutel für die Abfallentsorgung
- Standbau Version Comfort:

Wandelemente weiß (0,99 x 2,5 m) in Alurahmenkonstruktion  
 Teppichboden grau (mit Folie abgedeckt) andere Farben auf Anfrage  
 0,5 m Rasterdecke an den Rückwänden  
 Blendentafel auf Wand aufgesetzt ca. 30 cm hoch gestaltet mit  
 20 Buchstaben Helvetica, schwarz  
 Beleuchtung mit 1 Strahler je 3 m<sup>2</sup>, inkl. Lichtschienen  
 1 [2] Tisch 90 cm Durchmesser  
 3 [6] Stühle, Chromgestell, Polsterung schwarz  
 1 [2] Info-Theke, weiss  
 1 [2] Barhocker, Ledersitz schwarz

The rent for the Full-Service Stand, Comfort version, includes the following fittings and services:

- Floor space (row stand or corner stand)
  - Registration fee
  - AUMA contribution
  - Basic media entry
  - Power connection (3 kW)
  - Daily cleaning
  - 1 set of waste collection bags for waste disposal
  - Stand structure Comfort version:
- wall elements, white (99 x 250 cm) in aluminium frame structure  
 carpeting grey with plastic film other colours on request  
 0.5 m grid ceiling on the back walls  
 white signboard mounted on wall ca. 30 cm high  
 20 letters, typeface Helvetica, black  
 lighting - 1 spotlight per 3 m<sup>2</sup> incl. light rail  
 1 [2] table, diameter 90 cm, white top  
 3 [6] chairs, chrome-plated frame, black upholstery  
 1 [2] info-counter  
 1 [2] bar stool, leather set, black

Die Angaben in eckigen Klammern beziehen sich auf eine Standfläche ab 32 m<sup>2</sup>. Die aufgeführten Preise gelten nur mit der genannten Ausstattung. Zusätzliche Ausstattung kann beim Standbauer bestellt werden. Die Mietpreise verstehen sich einschließlich Auf- und Abbau und gelten für die Dauer der Veranstaltung.

The data in square parentheses refer to stand areas of 32 m<sup>2</sup> and more. The prices listed only apply together with the fittings stated. ### III Mietantrag / Space Rental Application

Hauptaussteller/Main Exhibitor

Bitte kreuzen Sie an, ob Sie einen Mitaussteller oder eine zusätzlich vertretene Firma anmelden. Kopieren Sie dieses Formular, wenn Sie mehrere Firmen anmelden möchten. Wenn kein Feld angekreuzt ist, wird die Firma automatisch als kostenpflichtiger Mitaussteller aufgenommen. Please indicate whether you are registering as a co-exhibitor or indirectly represented firm. Make copies of this form if you wish to register more than one firm. If no box is ticked the firm will automatically be recorded as a co-exhibitor subject to exhibition charges.

<input type="checkbox"/> <b>MitAussteller</b> Wir beantragen hiermit die Aufnahme der nachstehend aufgeführten Firma, die mit Exponaten und eigenem Personal als Mitaussteller auf unserem Stand ausstellen möchte. Die Teilnahme für Mitaussteller ist gebührenpflichtig, (EUR 270,00) plus Anmeldegebühr (EUR 300,00) und obligatorischer Medieneintrag (EUR 209,00).	<input type="checkbox"/> <b>Co-Exhibitor</b> We herewith apply for inclusion of the following firm that would like to participate on our stand as co-exhibitor with its own exhibits and personnel. Participation by co-exhibitors is subject to exhibition charges, (EUR 270.00) plus registration fee (EUR 300.00) and obligatory basic media entry (EUR 209.00).
<input type="checkbox"/> <b>Zusätzlich vertretene Firma</b> Wir melden hiermit, dass auf unserem Stand die Erzeugnisse der nachstehend aufgeführten Herstellerfirma ausgestellt werden. Diese Firma ist nicht mit eigenem Personal auf der Veranstaltung anwesend, sondern wird von uns vertreten. Die Meldung zusätzlich vertretener Firmen ist kostenfrei, der Katalogeintrag nicht möglich.	<input type="checkbox"/> <b>Firm Indirectly represented</b> We herewith notify you that products of the following manufacturer will be exhibited on our stand. This firm will not have its own personnel at the exhibition, but will be represented by us. Registration of additionally represented firms is free of charge and a catalogue entry is not possible.

### III Product index for entry in the exhibition media

Company name	Fax for proof sheet	E-Mail for proof sheet
--------------	---------------------	------------------------

Please tick the product keywords you wish to use. These will be taken over into the the exhibition media entry. The compulsory basic entry (cf. II, 3.6; II, 6.5 and 6.6) at a fee of EUR 209,- comprises a maximum of seven keywords. Each additional keyword ticked costs EUR 21,-. To register co-exhibitors, please copy this form. Starting May 5th, 2012 we will send out a galley proof - including cost estimate and offers for additional entry elements (logo, brand name, individual text etc.)

#### 1. Breeding animals, breeding programmes, trade, reproduction technology

##### 1.1 Breeding animals/ breeding programmes

- Ducks
- geese
- pullets
- chicks
- layers
- broilers
- turkeys
- dairy cattle breeds
- beef cattle breeds
- pigs
- sheep
- fish
- misc. breeding animals/ breeding programmes

##### 1.2 Trade and marketing of embryos, sperm, hatching eggs and fish eggs

- Embryos
- sperm
- hatching eggs
- fish eggs
- fry and restocking fish

##### 1.3 Reproduction technology, instruments, supplies

- Insemination
- semen conservation
- semen packaging
- birth monitoring
- calving crutches
- scanner
- ultrasonic equipment
- animal breeding equipment
- supplies for fish breeding
- supplies for poultry breeding
- supplies for cattle breeding
- supplies for pig breeding
- suppliers for horse breeding
- castration equipment
- laboratory equipment
- laboratory supplies
- misc. reproduction technologies, instruments, supplies

##### 1.4 Incubating installations for poultry

- Hatching installations
- hatching eggs washing and disinfecting installations
- hatcheries
- incubating equipment
- hatchers
- hatching trays
- hatchery automation
- misc. products from the hatching installations sector

##### 1.5 Incubating of fish eggs

- Incubating houses
- hatching ponds and containers
- incubating systems
- incubating house accessories
- egg grading and counting equipment

#### 2. Farm inputs

##### 2.1 Compound feed and other commercial feedstuffs

- Amino acids
- blood meal
- single feed
- protein feedstuffs
- supplementary feed
- piglet rearing feedstuffs
- fish meal
- feed fats
- phosphate feeds
- feed premixes
- milk substitutes
- mineral feed
- minerals
- licking blocks
- compound feed

- oils and fats
- coarse soya bean meal
- special feedstuffs
- oyster shells
- fish feed
- misc. compound feeds and commercial feedstuffs

##### 2.2 Feed additives, silage additives

- Probiotics
- biostimulators
- vitamins and active agents
- silage additives
- emulsifiers
- misc. feed additives and silage additives

##### 2.3 Seed

- Seed

##### 2.4 Veterinary medicine products

- Medicaments
- vaccines
- misc. veterinary medicine products

##### 2.5 Animal care agents

- Animal care agents

##### 2.6 Udder care ointment

- Udder care ointment

##### 2.7 Milk filters

- Milk filters

##### 2.8 Bedding, litter materials

- Wood shavings
- sawdust
- straw and wood pallets
- peat
- bedding, powder
- misc. bedding, litter materials

##### 2.17 Preserving agents

- Preserving agents

##### 2.9 Cleaning and disinfecting products

- Cleaning and disinfecting products

##### 2.10 Insecticides and pesticides

- Insecticides
- Pesticides
- Misc. insecticides and pesticides

##### 2.11 Semi-liquid manure additives

- Semi-liquid manure additives

##### 2.12 Paints, whitewash

- Paints, whitewash

##### 2.13 Lubricating agents

- Lubricating agents

##### 2.14 Fuels

- Fuels

##### 2.15 Plastic sheeting and tarpaulins

- Plastic sheeting and tarpaulins

##### 2.16 Other farm inputs

- Other farm inputs

#### 3. Feed storage, feedstuff production

##### 3.1 Feed silos, feed containers, feed storage

- Moist cereal silos
- feedstuff silos
- cereal silos
- hay silos
- silo components
- silo accessories
- bunker silos
- tower silos
- feed containers
- drying systems for green forage
- drying systems for hay
- CCM storage and unloading equipment
- preserving equipment for moist cereals
- silo cleaning
- misc. feed silos, feed containers, feed storage

##### 3.2 Feedstuff conveyors and accessories

- Feedstuff forks
- feedstuff shovels
- feedstuff conveyor installations
- silo filling equipment

- silo distribution installations
- elevators
- conveyors
- auger conveyors
- chain conveyors
- grain ventilators
- ventilators for hay
- accessories for feedstuff conveyors
- misc. feedstuff conveyors and accessories

##### 3.3 Milling, mixing and metering systems

- Feedstuff mixing installations
- milling and mixing systems
- mobile
- milling and mixing systems
- stationary
- machines for compound feed production
- molassing installations
- pelleting presses
- extruders
- cereal cleaners
- pre-cleaners for cereals
- CCM mills
- moist corn mills
- hammer mills
- oil mills
- crushing mills
- misc. milling, mixing and metering installations

##### 3.4 More feedstuff preparation installations

- Briquetting presses for feed stuffs
- briquetting presses for straw
- hay etc.
- steaming installations for potatoes
- feed steamers
- mashers
- feedstuff presses
- feedstuff choppers
- beet cleaners, beet cutters
- cereal crushers
- CCM processing machinery
- misc. feedstuff preparation installations

#### 4. Animal housing and shed construction

##### 4.1 Building materials

- Building materials
  - paints, varnishes
  - misc. building materials
- ##### 4.2 Building components, construction elements
- Spent air channels, spent airshafts
  - separating grids, partitions
  - fittings
  - flooring materials
  - roofings
  - ceiling and partition systems
  - insulation material
  - windows, doors
  - slurry drains, semi-liquid manure drains
  - liquid manure drains
  - lamps, lights
  - animal housing floors, screed toppings
  - gates
  - building protection agents and methods
  - windbreak systems
  - misc. building components, construction elements

##### 4.3 Massive type construction and prefabricated construction

- Multi-purpose sheds
- storage house installations
- storage houses, storage sheds
- machinery sheds
- farrowing houses
- cubicle houses
- bull fattening houses
- calf fattening houses
- piglet rearing houses
- fish breeding halls
- prefabricated animal housing
- pig fattening houses

- pig breeding houses
- poultry houses
- sheep houses
- goat houses
- horse stables
- indoor riding areas
- misc. massive type construction and prefabricated construction
- 4.4 **Construction machinery**
  - Concrete mixers
  - paint spraying equipment
  - lime sprayers
  - misc. construction machinery
- 4.5 **Construction consultancy, construction planning**
  - Agricultural construction matters
  - misc. construction consultancy and planning issues
- 5. **Husbandry and feeding techniques**
  - 5.1 **Animal housing installations for cattle**
    - cubicle houses
    - cattle fattening houses
    - calf fattening houses
    - lying boxes
    - calf huts
    - feeding racks
    - slatted floors
    - lying mats
    - animal housing installations and accessories
    - misc. animal housing installations for cattle
  - 5.2 **Animal housing installations for pigs**
    - Farrowing pens
    - piglet nests
    - heating mats
    - infrared heaters
    - piglet rearing systems
    - housing systems for fattening pigs
    - housing systems for breeding pigs
    - slatted floors
    - grids
    - lying mats
    - out-door housing systems
    - animal housing installation accessories
    - misc. animal housing installations for pigs
  - 5.3 **Animal housing installations for poultry**
    - Cage systems
    - floor management systems
    - aviaries
    - out-door housing systems
    - laying nests
    - animal housing installations accessories
    - misc. animal housing installations for poultry
  - 5.4 **Fish farming systems**
    - Aquaculture
    - marine aquaculture
    - fish breeding systems
    - recirculating systems
    - fish cages
    - fish ponds
    - fish farming installations
    - netting and catching technologies
    - fish pumps
    - fish grading machines
    - fish counting and weighing systems
    - fish marking
    - measuring
    - monitoring and control engineering for fish farms
    - bird protection netting
    - fish farming accessories
    - misc. fish farming systems
  - 5.17 **Systems and equipment for keeping horses**
    - Indoor/outdoor stalls
    - Paddocks
    - Loose housing systems
    - Flooring
    - Floor attachment systems
    - Installations and equipment for riding arenas
    - Horse walking systems and treadmills
    - Solariums
    - Other equipment for keeping horses
- 5.5 **Animal housing installations for Misc. animal species**
  - Animal housing installations for sheep and goats
  - animal housing installations for small animals
  - other animal housing installations for misc. animal species
- 5.6 **Pasture management technology**
  - Fence systems
  - electric fences
  - electric fence energizers
  - pasture fences
  - game fences
  - hole diggers
  - pasture shelter
  - misc. pasture management technology
- 5.7 **Feeding technology for cattle**
  - Automatic feeders for calves
  - feed racks
  - transponder feeding installations
  - feed mangers and troughs
  - misc. feeding technology for cattle
- 5.8 **Feeding technology for pigs**
  - Liquid feed installations
  - sensor feed installations
  - demand feeding installations
  - dribble feeding installations
  - piglet nurses
  - interval feeding installations
  - automatic feeders for calves
  - misc. feeding technology for pigs
- 5.9 **Feeding technology for poultry**
  - Pipe feeding installations
  - automatic feeders
  - feed conveyors and feed chains
  - floor feeding installations
  - misc. feeding technology for poultry
- 5.15 **Feeding technology for fish**
  - Automatic fry feeders
  - feeding robots
  - feeding bins
  - automatic feeders
  - control technology for automatic feeders
  - feeding systems
- 5.18 **Systems and equipment for feeding horses**
  - Troughs
  - Racks
  - Mangers
  - Automatic feeders
  - Other equipment for feeding horses
- 5.10 **Feeding technology for misc. animal species**
  - Feeding technology for sheep and goats
  - feeding technology for small animals
  - other feeding technology for misc. animal species
- 5.11 **Feedstuff mixing and distributing carts**
  - Feedstuff mixing carts
  - feedstuff mixing and metering carts
  - feedstuff mixing carts, trailed
  - feedstuff mixing carts, self-propelled
  - feedstuff distributing carts
  - misc. feedstuff mixing and distributing carts
- 5.12 **Silo unloading technology**
  - Unloading equipment for tower silos
  - unloading equipment for bunker silos
  - silage block cutters
  - silo rotovators
  - misc. silo unloading technology
- 5.14 **Aeration/oxygenation for ponds and fish breeding installations**
  - Surface aerators
  - bottom aerators
  - oxygenation systems
  - oxygen generators
  - vents and lines
  - oxygen
  - aeration accessories
  - oxygen measuring technology and installation security
- 5.13 **Waterers**
  - Frost-proof waterers
  - nipple waterers
  - round waterers
  - drinking bowls
  - pasture waterers
  - trough waterers, misc. waterers
- 5.16 **Bale opening devices**
  - litter equipment
  - bale choppers
  - straw bedding machines
  - Misc. Bale opening devices
- 6. **Controlled environment and environment technology**
  - 6.1 **Heating, aeration and controlled environment technology**
    - Heaters
    - heating systems
    - block-type thermal power stations
    - liquefied gas
    - liquefied gas containers
    - air-conditioning for storage rooms
    - air-conditioning for animal housing
    - controlled environment computer for animal housing
    - controlled environment control equipment
    - cooling plants
    - warm air equipment
    - emergency power generators
    - alarm systems
    - ventilation and aeration systems for storage rooms
    - ventilation and aeration systems for animal housing
    - fans
    - humidifying installations for animal housing
    - air dehumidifiers
    - misc. heating, aeration and controlled environment technology
  - 6.2 **Heat recycling**
    - Heat exchangers
    - heat recycling installations
    - misc. products from the heat recycling sector
  - 6.4 **Emission reduction**
    - Air cleaning equipment, air cleaning installations
    - spent air treatment
- deodorising equipment
- filters
- earth filters
- bio-filters
- misc. products from this sector
- 6.5 **Water treatment**
  - Waste water treatment systems
  - domestic water supply systems
  - water treatment plant
  - misc. products from the water treatment sector
- 6.7 **Water treatment for fish breeding**
  - Biological water treatment systems
  - mechanical water treatment systems
  - sludge treatment
  - degasifying installations
  - metering technology for buffering calcification
  - ozonation installations
  - UV installations
  - water quality monitoring and alarm
  - water analysis systems
- 6.6 **Storage and elimination of solid wastes and carcasses**
  - waste containers
  - waste disposal installations
  - carcass storage
  - carcass incineration
  - misc. products in the sector of storage and elimination of solid wastes and carcasses
- 7. **Milking and cooling technology**
  - 7.1 **Milking installations and milking parlours**
    - Bucket milking installations
    - pipe milking installations
    - herringbone milking parlours
    - tandem milking parlours
    - side-by-side milking parlours
    - rotary milking parlour installations
    - milking installations and milking parlours for sheep and goats
    - milking machines accessories
    - misc. milking installations
  - 7.2 **Automatic milking methods**
    - Automatic milking methods
  - 7.3 **Milk containers and cooling installations**
    - Milk tanks
    - milk churns
    - milk cooling technology and accessories
    - misc. milk containers and cooling installations
  - 7.4 **Cleaning and disinfecting systems for milking installations**
    - Cleaning and disinfecting systems for milking installations
- 8. **Technology for dung, solid manure and slurry**
  - 8.1 **Solid manure and slurry technology**
    - Stationary mucking-out installations for solid manure
    - mobile mucking-out equipment
    - removal installations for slurry
    - slurry pumps
    - press channel scrapers
    - misc. solid manure and slurry technology
  - 8.2 **Solid manure and slurry storage and treatment**
    - Slurry cisterns
    - cistern lids
    - stirring and cutting devices
    - slurry separators
    - composting equipment
    - misc. products from the solid manure and slurry storage and treatment
  - 8.3 **Solid manure and slurry distribution**
    - Tanks
    - tank trailers
    - slurry tankers
    - manure spreaders
    - misc. in the slurry and digester residue transport
  - 8.4 **Dung processing technology**
    - Dung drying installations
    - dung conveyors
    - dung processing installations
    - misc. dung processing technology
- 9. **Transport vehicles, transport services**
  - 9.1 **Loaders, high-lift trucks**
    - Front loaders
    - rear loaders
    - bale loaders
    - forklifts
    - stacker trucks, lift trucks
    - telescopic loaders
    - farmyards and animal housing loaders
    - loader/high-lift truck accessories
    - misc. loaders, high-lift trucks
  - 9.2 **Trailers**
    - Trailers
  - 9.3 **Containers**
    - Containers
    - transport tanks for liquids
    - transport tanks for bulk goods
    - misc. containers

- 9.4 Tank trailers for feedstuffs
- Tank trailers for feedstuffs
- 9.5 Animal transporters**
- Animal transport vehicles
- animal trailers
- fish transport containers
- fish transport vehicles
- misc. animal transporters
- 9.6 Transport vehicles and cooling vehicles**
- Transport vehicles and cooling vehicles
- 9.7 Loading installations**
- Loading installations
- 9.8 Forwarders**
- Forwarders
- 10. Processing and marketing**
- 10.1 Equipment and installations for slaughtering, cutting and processing**
- Broiler harvesters
- poultry calibrating installations
- poultry crates, transportation units
- poultry pluckers
- poultry slaughtering installations
- poultry slaughtering equipment
- filleting machines
- cutting installations
- further processing systems
- misc. equipment and installations
- 10.2 Supplies for poultry meat processing**
- Casings, yarns
- cutter supplies
- misc. supplies for poultry meat processing
- 10.3 Egg treatment and egg processing installations**
- Egg breaking and egg separating machines
- egg boiling and egg dyeing machines
- egg conveyors
- egg collecting tables
- egg shelling machines
- egg graders
- egg packing machines
- egg washing machines
- egg counting machines
- egg imprinting machines
- egg carton transporting systems
- palletising systems
- egg conveying equipment
- misc. egg treatment and processing installations
- 10.11 Equipment and installations for slaughtering, filleting and processing fish**
- Fish stunning equipment
- slaughtering installations
- skinning systems
- fishbone cutters
- filleting machines
- smoking lockers
- fish packaging and labelling systems
- accessories for fish processing
- 10.4 Marking**
- Marking
- 10.5 Packaging machines**
- Filling equipment, filling installations
- bagging installations
- clipping machines
- labelling machines, labelling systems
- crates
- pallets
- sealing equipment for plastic sheeting
- palletising equipment
- vacuum packaging machines
- packaging machines
- crate washing machines
- misc. packaging machines
- 10.6 Packaging materials**
- Packaging films
- sacks
- egg packagings
- misc. packaging materials
- 10.7 Automation**
- Process management
- process automation
- misc. products from the automation sector
- 10.8 Refrigeration installations, refrigerated transport**
- Refrigerated vehicles
- refrigerating and deep freezing installations
- refrigerating and deep freezing storage houses
- misc. products from the refrigeration installations
- refrigerated transport sector
- 10.9 Food production**
- Meat processing technology
- smoking technology
- milk processing machinery
- machines for producing egg products
- pasta machines
- machines for pasta production
- misc. food production items
- 10.10 Marketing**
- shop fittings
- Vending trailers, Cash
- register and registration systems
- Price tagging material and implements
- Meat trading companies
- vending machines
- Other supplies for the direct marketing sector
- 11. Equipment and accessories**
- 11.1 Animal identification**
- Implants, implantation devices
- ear tags
- marking punches
- tattooing implements
- tattooing forceps
- transponders
- misc. products for animal identification
- 11.2 Animal care equipment, animal health**
- Hoof and claw treatment equipment
- claw treatment crates
- animal care equipment
- animal shearing equipment
- claw treatment tubs
- vaccination equipment
- medication dosing device
- veterinary medicine equipment
- veterinary diagnostics
- misc. animal care equipment and animal health products
- 11.3 Scales, livestock scales, weighbridges**
- Bagging scales
- weighbridges
- feed scales
- livestock scales
- scales - accessories
- silo scales
- misc. scales
- 11.4 Measuring and testing equipment**
- Hygrometers
- oestrus alarm
- calving alarms
- oxygen measuring devices
- pH measuring devices
- nitrogen meters
- backfat measuring device
- milk metering and analysing equipment
- testing and control equipment
- sensors
- Water analysis equipment
- sampling devices for cereals
- climate measuring equipment
- feed analyzing equipment
- misc. measuring equipment
- 11.5 Hygiene, disinfection and cleaning equipment**
- Steam jet cleaner
- disinfection and cleaning equipment
- steeping installations for animal housing cleaning
- high pressure cleaning installations
- high pressure cleaning equipment
- spraying equipment for animal housing disinfection
- vermin control equipment
- insect extermination equipment
- misc. hygiene products
- 11.6 Transport equipment**
- carts
- sack barrows
- ladders
- misc. transport equipment
- 11.7 Machines and equipment for farm cleaning and land care**
- Gardening equipment
- sweeping machines
- hoses and accessories
- misc. machines and equipment for farm cleaning and land care
- 11.8 Tools**
- Drills
- fitter's benches
- compressors
- grinders
- cutting tools
- welding equipment
- saws
- manual implements for farm yard and animal housing use
- misc. tools
- 11.9 Working clothes, safety at work, accident prevention**
- Working clothes
- special clothing for fish farming
- special boots for agricultural use
- dust protection
- respiratory protection devices
- hearing protection
- safety goggles
- protective clothing
- misc. working clothes, products for safety at work and accident prevention
- software for poultry farms
- misc. software
- computers and accessories
- internet applications
- internet information providers, e-commerce
- office furnishings
- computer advisory services
- misc. office and communication technology
- 12.2 Quality assurance systems**
- Quality control
- certification
- retraceability
- misc. quality assurance systems
- 12.3 Financial services**
- Banks and savings banks
- leasing companies
- commodity futures
- misc. financial services
- 12.4 Insurance companies**
- Insurance companies
- 12.5 Laboratory and testing services**
- Feed value test
- feedstuff control
- misc. laboratory and testing services
- 12.6 Consulting services**
- Fisheries consultancy
- feeding consultancy services
- agricultural engineering consulting services
- project consulting services
- farm business consulting services
- misc. consulting services
- 13. Information**
- 13.1 Training and further education**
- Information shows
- information stands
- Forums
- misc. training and further education
- 13.2 Science and research**
- Science and research
- 13.3 Associations**
- Associations
- 13.4 Organisations**
- Organisations
- 13.5 Publishers**
- Specialist books
- trade magazines
- misc. publishers
- 13.6 Specials**
- Specials
- 13.7 Fairs and exhibitions**
- Fairs and exhibitions
- 12. Management and consulting services**
- 12.1 Office and communication technology for farm management, EDP**
- Software for book-keeping
- software for cattle management
- software for sow management
- software for fish farms

# Product index for BioEnergy Decentral

## 38. Algae and Microcrops

- 38.1 Production
  - Complete systems for algae breeding
  - Reactors
  - Plastic films and sheeting
  - Lighting
  - Disinfecting
  - Other supplies for algae production
- 38.2 Processing
  - Separation
  - Filtration
  - Extraction
  - Drying
  - Other supplies for algae processing

## 40. Biogas - production and use

- 40.1 Energy-producing plants
  - Seed for energy-producing plants
  - Others in the Segment Energy-producing plants
- 40.2 Harvesting
  - Chopping equipment
  - Milling and grinding equipment
  - Others in the Segment Harvesting
- 40.3 Substrate conditioning
  - Substrate conditioning systems
  - Cutting systems
  - Weighing systems
  - Dosing systems
  - Hygienic treatment systems
  - Loading systems
  - Others in the Segment Conditioning
- 40.4 Fermentation
  - Wet fermentation systems
  - Dry fermentation systems
  - Starter cultures
  - Auxiliary processing agents
  - Substrate and fermentation products analysis
  - Fermenters
  - Fermenter cover
  - Fermenter heating
  - Stirrers, agitators
  - Pumps
  - Others in the Segment Fermentation
- 40.5 Gas cleaning
  - Gas tanks
  - Gas holders
  - Gas cleaning systems
  - Gas drying systems
  - Gas compressors
  - Lines (tubes and hoses)
  - Others in the Segment Gas Cleaning
- 40.6 Gas feed-in
  - Meter equipment
  - Gas conditioning
  - Gas compressors
  - Others in the Segment Gas Feed-in
- 40.7 Use of fermentation residues
  - Drying facilities
  - Separators
  - Conditioning systems
  - Others in the Segment Use of fermentation residues
- 40.8 Turnkey plants
  - Turnkey biogas plants
  - Turnkey plants for special gases (gas from purification plants, pit gas, landfill gas)
- 40.9 Others in the segment biogas
  - Others in the segment biogas

## 41. Solid Biofuels - production and use

- 41.1 Energy-producing plants
  - Plant material
  - Others in the Segment Energy-producing Plants
- 41.2 Cultivation, harvesting and conditioning of solid biofuels
  - Drilling and planting machines
  - Bundler
  - Saws
  - Wood splitters
  - Wood choppers
  - Shredders
  - Pellet presses
  - Straw presses
  - Briquette makers
  - Drying facilities
  - Loading systems
  - Oil presses
  - Filter systems
  - Others in the Segment harvesting and conditioning of biofuels

## 42. Liquid biofuels - production and use

- 42.1 Production
  - Oil presses
  - Filter systems
  - Esterification plants
  - Filling facility for biodiesel, plant oil, ethanol
  - Others in the Segment Biofuels, liquid
- 42.2 Fuel use
  - Systems for engine conversion
  - Others in the Segment Fuel use

## 43. Renewable energy

- 43.1 Wind energy installations
  - Turnkey wind energy installations
  - Components

- Others in the Segment Wind energy installations
- 43.2 Photovoltaics
  - Solar cells
  - Inverters
  - Control and instrumentation for solar technology
  - Assembly systems
  - Others in the Segment Photovoltaics
- 43.3 Solarthermics
  - Flat collectors
  - Tube collectors
  - Heat exchangers
  - Heat storage systems
  - Assembly systems
  - Others in the Segment Solarthermics
- 43.4 Geothermal energy
  - Turnkey installations
  - Drilling rigs
  - Others in the Segment Geothermal Energy
- 43.5 Hydropower
  - Turnkey installations
  - Components for hydropower installations
  - Others in the Segment Hydropower

## 44. Decentralized power engineering

- 44.1 Decentralized Electricity generation
  - Combined heat and power units (=CHP)
  - Generators
  - Gas engines
  - Gas turbines
  - Dual fuel engines
  - Steam engines
  - Fuel cells
  - Diesel engines
  - ORC installations
  - Steam-powered screw-type engines
  - Steam turbines
  - Emergency power generators
  - Others in the Segment Electricity Generation
- 44.2 Fuel technology
  - Industrial boiler with circulating fluidised combustion
  - Industrial boiler with grate firing
  - Boilers for split logs
  - Boilers for chips
  - Boilers for pellets
  - Boilers for straw
  - Boilers for grain
  - Solids gasification installations
  - Waste heat boilers
  - Boilers for oil
  - Boilers for gas
  - Boilers for coal
  - Others in the Segment Fuel Technology
- 44.3 Heating/Refrigerating Systems
  - Heat exchangers
  - Heat pumps
  - Absorption-type refrigeration systems
  - Back-up coolers
  - Others in the Segment Heating/Refrigerating Systems

## 45. Ventilation, waste air and exhaust gas cleaning

- 45.1 Ventilation installations
  - Fans in the segment bioenergy
  - Silencer/sound absorber systems
  - Others in the Segment Ventilation Systems
- 45.2 Waste air cleaning systems
  - Separation of gaseous substances
  - Separation of dust-type substances
  - Others in the Segment Waste Air Cleaning Systems
- 45.3 Exhaust gas cleaning systems
  - Exhaust gas desulphurisation
  - Exhaust gas denitrification
  - Exhaust gas dust removal
  - Others in the Segment Exhaust Gas Cleaning Systems
- 45.4 Exhaust gas removal systems
  - Stacks and chimneys
  - Exhaust boxes
  - Others in the Segment Exhaust Gas Removal Systems

## 46. Recycling and waste disposal systems

- 46.1 Recycling and waste disposal systems
  - Recycling and waste disposal systems for activated carbon
  - Recycling and waste disposal systems for ash
  - Recycling and waste disposal systems for slag
  - Recycling and waste disposal systems for filter dusts
  - Recycling and waste disposal systems for press cakes
  - Others in the Segment Recycling and Waste Disposal Systems
- 47. Safety systems
  - 47.1 Safety systems
    - Emergency torches
    - Gas detectors
    - Gas warning devices
    - Fire protection equipment
    - Personal protective equipment
    - Others in the Segment Safety Systems

## 48. Energy distribution and storage

- 48.1 Electricity distribution systems
  - Transformers
  - Low voltage systems
  - Medium voltage systems
  - Frequency converters
  - Electricity meters
  - Others in the Segment Electricity Distribution Systems
- 48.2 Heat distribution systems
  - Local and district heating networks
  - Transfer stations
  - Heat meters
  - Pipe systems
  - Others in the Segment Heat Distribution Systems
- 48.3 Gas distribution systems
  - Gas pipes and lines
  - Drawing stations
  - Compressors
  - Gas filling stations
  - Others in the Segment Gas Distribution Systems
- 48.4 Storage
  - Power storage
  - gas storage
  - heat storage
  - miscellaneous in the storage segment

## 49. Measuring, instrumentation and control

- 49.1 Process control systems
  - Control equipment
  - Regulating equipment
  - Others in the Segment Process Control Systems
- 49.2 Measuring systems
  - Oil measuring equipment
  - Oil analysis systems
  - Temperature sensors
  - Gas analysis systems
  - Fittings and fixtures
  - Gas meters
  - Electricity meters
  - Heat meters
  - pH/redox measuring equipment
  - Others in the Segment Measuring Systems
- 49.3 Remote monitoring
  - Remote monitoring equipment
  - Communications equipment
  - Others in the Segment Remote Monitoring

## 50. Energy supply companies

- 50.1 Energy supply companies
  - Electricity supply companies
  - Heat supply companies
  - Gas supply companies
  - Contractors
  - Others in the Segment Supply Companies

## 51. Trade in energy materials

- 51.1 Trade in energy materials
  - Trade in solid biofuels
  - Trade in liquid biofuels
  - Oil trade
  - Coal trade
  - Gas trade
  - Trade in waste residues and recyclables
  - Transport vehicles
  - Transport services
  - Others in the Segment Trade in Energy Materials

## 52. Services in the segment bioenergy

- 52.1 Services in the planning phase
  - Consultant engineers and designers
  - Project development
  - Financing
- 52.2 Services in the operating phase
  - Analyses
  - Technical management
  - Commercial management
  - Expert reports on environmental matters
  - Software
  - Servicing
  - Maintenance
  - Insurance
  - Grid services
  - Direct marketing of electricity
  - Waste management
  - Emissions trading
- 52.3 General services
  - Consultancy
  - Training and coaching
  - Legal advice
  - Certification
  - Institutions
  - Associations, organisations
  - Publishers/Literature
- 52.4 Science and research
  - Science and research
